LOCAL NEWS.

NEW TOWN .- A company of Northern capitalists have purchased a tract of land containing about six hundred and sixty acres, at McGee's Crossing, midway ketween Falls (hurch and Vienna, on the Washington and Ohio Railroad, and will have the same surveyed and divided into town lots, upon which they will settle a colony of people from their own section. Slowly, but surely the advantages of this State as a place of residence are becoming appreciated, and in no portion of Virginia are those advantages more patent than in the immediate neighborhood of this city. One hundred and sixty acres of the land alluded to above belonged to William Shreeve and was bought for \$75 per acre. 300 acres for which \$60 an acre was paid, belonged to Mr. Clark and a tract belonged to Mr. Humphries. It is understood that the laying out and settlement of the new town will be commenced at once.

FIGHT IN LEESBURG. - The Washington Chronicle of this morning says: "We learn that a cowhiding affair occurred yesterday morning in Leesburg, Va., the participants in which were Messrs. Brook Powell and Elbert M. Hough, of that place, both well known in that community. It seems that ill-feeling between the two resulted, on Thursday night, in a rough and tumble fight, in which Hugh's countenance was considerably damaged, and that yesterday morning a hearing before a magistrate resulted in Powell being fined one dol-lar and costs. This provoked Powell so that he procured a cowhide and overtook Hough as he was in the act of entering his mother's residence, and struck him several blows over the head and shoulders. Both parties were arrested by the City Sergeant and taken before the Mayor, who bound them over to keep the peace for twelve months.

ALEXANDRIA MARINE RAILWAY. - Another meeting of the Board of Directors of the Alexandria Marine Railway Company was held this morning, at which the President was authorized to contract at once for the construction of new ways adjoining on the south those now in the wishes of the Board immediately. The company has about twenty-two thousand dollars of subscribed stock, about five thousand short of the desired amount, but have determined to build the new ways, being satisfied, from the receipts of the old ways now in use, and from the amount of work that is forced to go away from here--two steamers, the Lady of the Lake and the Palisade, and three large schooners during the last two weeks-that the profits of the undertaking will warrant the out-

CIRCUIT COURT. - The Circuit Court of Alexandria county will convene on Monday next Judge James Keith, presiding.

At the last term of the County Court indict ments were found against Richard Smith, Franklin Scott and Cynthia Peyton, (whose cases were mentioned in Thursday's Gazette), but the law having been changed by a late statute new indictments will be found against them by the Grand Jury at the next team.

The issues of Peverille against Hunter and Hunter against the A. & F. Railway will be perhaps the litigated cases which will come be-

WAR CLAIMS. - The claim of the Pioneer milis, of this place, for \$18,000 for compensation for the use of the mill building by the United States commissary department, during the war, which has been before the war claims committee of the House of Representatives for some time, was yesterday referred by that committee to the Court of Claims. The mills, which were erected in 1853 at a cost of \$100,-000, have not been used since the war, and as heretofore noticed in the Gazette a distraint has been made on some property in the mill for ground rent due the city of Alexandira, on whose property the building is erected.

POLICE REPORT. - The following cases have been reported at police headquarters since yesterday:

David Manley, for disorderly conduct, was discharged with a reprimand. Ephriam Lee, colored, arrested on complaint of Samuel Hefflebower and A. B. Crupper, for

rolling a wheelbarrow on the sidewalk, was fined and discharged. Seven lodgers were accommodated at the station house last night. Ten applied for lodg-

"MUSN'T SHAVE SUNDAY."-As some of the most frequented barber's shops in the city have determined to suspend business hereafter on Sundays, as will be seen by reference to an advertisement in the Gazette, it will be well for those who have heretofore postponed submitting themselves to the barber's hands until Sunday morning to "make other arrange-

UPPER POTOMAC STEAMBOAT COMPANY .-A meeting of the Upper Potomac Steamboat Company was held here to-day, at which the progress on the new boat the company is build-ing at Accotink was reported. The boat will be launched about Tuesday week and towed here immediately to receive her boilers and machinery. Mr. Dennis Smith and Colonel Daniels are building a fine wharf for her at Gunston, from which point a road will be constructed to Occoquan for the accommodation of the people of that village.

NEW PAPER. - "The Virginia State Journal, a Radical evening paper, published its last number in Richmond on Thursday. The office will be removed to Alexandria, Virginia, where it will be issued as a weekly and semi-weekly paper." The Journal went from here to Rich-The Journal went from here to Richmond, but like everything else that ever lived in Alexandria comes back again.

EX-MAYOR LATHAM'S CARD. - Ex-Mayor Hugh Latham, an Independent candidate for the Mayoralty at the approaching election, has issued a card, in hand-bill form, in which he urges the voters of the city to vote for an Independent council ticket in each ward, the names upon which to be those of persons pledged to a revocation of the existing city charter.

Disastrous Flood.

Boston, May 16 .- A disastrous flood in Williamsburg, Mass., caused by the breaking away of the reservoir, occurred this morning, causing a considerable loss of life. No particulars have yet been received.

New HAVEN, CONN., May 16.—Three large reservoirs above Williamsburg, Mass., which were constructed to supply the manufactories of Williamsburg, Leeds and Haydenville, gave way at an early hour this morning, the water sweeping everything before it. The above named towns were almost entirely destroyed, including such buildings as Hayden, Gree & Co.'s immense brass factory. A large loss of life is reported, but it is at present impossible to give any estimate, though it is probably not | Kell.

less than one hundred.

FLORENCE, MASS., May 16.—The reservoir above Williamsburg, Mass., broke this morning, loosening a large volume of water which carried away nearly every dwelling house in its course. Many lives were lost, but so great is the excitement that it is impossible to get the exact number. At Leeds a silk manufactory an button shop were both carried away. The station agent of the N. H. & N. R. R. Co., with his wife, were both drowned. At the same place many persons were swept down the stream. The water is now falling, and it is expected that in about three hours more correct and definite particulars may be obtained. > HAYDENVILLE, MASS., May 16 .- A large reservoir, about four miles north of this place, burst about eight o'clock this morning, and the water came rushing down the hills, carrying everything before it. It struck the southeast-ern portion of Williamsburg village, about two miles north of this place, carrying away a large number of dwellings; thence to Skinnerville, where it swept away Mr. Skinner's large silk mills and his boarding and dwelling houses. Continuing on it struck the large brass manufactory of Messrs. Hayden, Gree & Co., sweeping it away in an instant. Large stones and machinery were swept through the main streets at a fearful rate, and well built houses were instantly crushed, not giving the inmates a moment's warning. The flood then struck the village of Leeds, where a large number of shops, dwellings, &c., were swept away. The loss of life is very heavy, whole families, in some instances, having been carried away over dams and were either killed or drowned. It is impossible at this time to give the number of lives last. Twenty-three bodies, so far, have been taken out of the rubbish on the shore. Whole blocks of tenement houses, filled with women and children, were swept down the stream and all the inmates of course were lost. At this hour (12 m.) bodies are constantly being brought in and laid in the church. Most of them can be re-
